We have added a Pediatrician to our contract staff which enables us to provide first
level consultations and case management in our local office. Relationships have been
established with specialists in surrounding cities to provide medical services for
children that meet our criteria. In many cases, the specialists now come to our
office to provide consultations instead of the patients and families having to travel
to them. We now use telemedicine for specialists from mainland Mexico to provide
care for special conditions. In 2022 we provided over 3,800 medical interventions
and served on average 112 children each month. The families whose children we serve
are all economically disadvantaged, and over 60% came from the lowest levels of
poverty in Mexico.
